# The PHANTOM

FOR FOUR HUNDRED YEARS SUCCEEDING PHANTOMS HAVE LIVED AND RULED IN THE JUNGLES OF BENGALI. THE HEROIC DEEDS OF EACH ARE MANY AND THEY ARE CHRONICLED IN A GREAT BOOK, A RECORD THAT EACH NEW PHANTOM USES FOR GUIDANCE, INSPIRATION... AND STRENGTH.

MY FOREBEARS WERE ALL GREAT MEN... MUCH GREATER THAN I! HERE IT TELLS OF MY GREAT GREAT GRAND-FATHER... HOW HE STOPPED THE VOLCANO FROM DESTROYING A BANDAR VILLAGE! AND HERE... A STORY OF GREAT STRENGTH ABOUT MY OWN FATHER... WITH HIS BARE HANDS HE WRESTLED A MIGHTY LION TO SAVE A CHILD... AND HERE... THE TALE OF ANOTHER PHANTOM AND HIS FEAT OF TURNING A RIVER BACKWARDS! CAN I EVER DO AS WELL?

THE PHANTOM'S  
NEW  
FAITH!

I AM NOT DESERVING  
AS WERE THEY: EACH  
WAS MORE THAN GREAT...  
WHILE I AM **NOT!**

THEY'ES... MURDERERS...  
TREACHEROUS MEN... THOSE I  
HAVE DEALT WITH... BUT TO COME  
TO GRIPS WITH NATURE ITSELF...  
NO, I HAVE FAILED!

I SHALL NEVER BE AS  
WORTHY AS THEY **WHAT'S**  
A SCREAM!

IT IS NEARBY...  
IT SOUNDS  
LIKE A CHILD!

A GIANT APE...  
HE'S CAUGHT A  
SMALL BOY!

# El Dynamite Futuro Death

There are many people who will tell you that I am ageless. That I have lived for centuries. There are other people that claim that I know the ancient secrets of the East. And then there are those who even say that I belong to the future. I make no comments on these statements or on any of the other things that they may say about me. I will admit only one thing: Where there is Evil in this world-I am dedicated to fighting it. That I am a friend of the birds that fly, the animals that roam our lands, and even the inhabitants of the seas, is well known.

I was in Washington, C.C., discussing some matters relating to Conservation when my dear friend, Colonel Pedro Gomez came to see me.

"My government needs your help at once. Otherwise we will have bloodshed and trouble with the Mapoga Indians."

Five years previously, I had gone to South America to help in a program of pacification. It was finally agreed that the Mapoga Indians would remain on their lands; live according to their laws and customs; and no outside interference. And now I learned that there was trouble brewing. Gold had been discovered in the foothills of the San Madera Mountain Range. From all over the world had come adventurers in search of the precious metal. Their leader was a man called Garkin.

"He and others dynamite the river and kill the fish. And fish is the main food staple of the Mapoga Indians," said Colonel Pedro Gomez to me. "They think that because they have guns that they can beat the Indians. They will not even listen to our sad experiences. Will you please come at once?"

Two hours later we both were winging our way to the lands south of our border. We landed at a government army special airfield. From there a helicopter lifted us to the jungle area, and we landed in a clearing. First I went to see Chief Sore, head of the Mapoga Indians. He greeted me warmly. I asked only one thing.

"Make no move against the miners until I have had a chance to talk things over with them."

Talk about your American Western frontier

mining town. The town of "Nueve Oro" looked just like it with two differences. No women and supplies were brought in by air. There was a bar and in it I found Garkin. Colonel Pedro Gomez went with me.

"The government has put me in complete charge of this area," I explained. "My only request is a simple one. Do not dynamite the river and needlessly kill so much fish. You are thus upsetting Nature's equilibrium."

"Big words you use," he grinned. "Let me show you something." He went over to the bar and he was given a horseshoe. With his two bare hands he bent it.

"Let me show you something," I said in return. "And watch it."

I took the bent horseshoe. Straightened it. And then broke it in half. This was talking his language.

"Why are you so interested in helping those ignorant primitive Indians?" he asked.

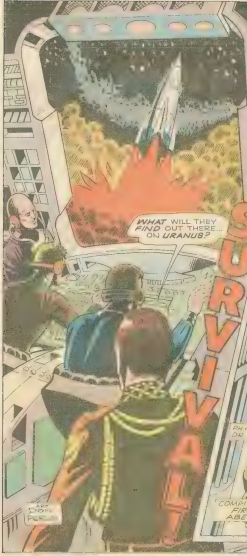

"Five years ago, armed only with blowguns, they wiped out an army group of five hundred men armed with automatic weapons. And they still have those weapons and plenty of ammunition hidden. And who are you to judge them? In their own ways, they are superior to you. They know Nature. The fish in the water live on insects. If you kill too many fish we have an overabundance of insects. They will devour the vegetation. We want to keep Nature's balance. The natives will even hunt for you. Why not be friends?"

"If you take the dynamite test and win, then I do what you ask," was his reply.

We went to a large clearing in the field outside of the settlement. Each of us held a stick of dynamite in the right hand. At a signal the fuse on each was lit. To see who would hold it the longer. When his fuse was almost burnt to the edge, he threw his stick. I still held mine. No fuse visible! All run! I crushed the stick and put it in my pocket.

"You win," he said. "With guts like yours, you get us. We leave the fish alone. And live in peace with those Indians."

"Magic? Of course not! The hand was quicker than the eye. I had pulled the fuse out to the top!

## Do you have art talent worth developing? Take our free test and see

If you have ever wondered whether you had art talent, here is your chance to find out. The founders of Famous Artists School have put together what many artists and educators consider to be the most revealing test of art ability ever devised. It is offered to you free.

### Designed for people uncertain of their ability

The people who take this Art Talent Test are of all ages and occupations. Most of them have little or no previous art training. By professional standards, their drawings may be awkward and unappealing. But the ones who possess the gift of art talent reveal it in many ways. Through simple little exercises, they show the inherent sense of design, the feeling for composition, the ability to observe, and the lively imagination which are such important ingredients of art talent.

The reliability of this method of screening, as well as the effectiveness of the training, has been proven again and again by the impressive record of success of our students and graduates.

### They passed the test and went on to become successful artists

When Anthony Potts took the Art Talent Test, he was a mail clerk, "stuck" in a long-term routine job. Today, he's an artist for a printing firm, doing exciting creative work, countless thousands sent from a mailbag in a department store to a fashion illustrator in the same store. Virginia Turner, a farmer's wife and mother of three, now sells just about everything she paints. These are just a few of the literally hundreds of "success stories" our students report to us.

So if you love to sketch or dabble in paint

—and have often wondered if you "have what it takes" to become a well-paid commercial artist or spare-time professional painter—who make use of this opportunity to find out? All you need is a pencil and a half-hour of your own time. With your special interest, it will be one of the most intriguing and enjoyable half-hours you ever spent.

### What the Talent Test covers

First, you will be shown two pairs of simple designs and asked to pick the one in each pair that has "a feeling of rightness" about it. Then you will see twenty pairs of pictures, and check which composition in each pair is more pleasing. You'll be asked to do original sketches to demonstrate your imagination and power of observation. And in similar ways, your feeling for mood, form, movement, and so on will be tested.

When you complete the test and mail it back, it will be graded free by a member of the School's staff. If you receive a passing grade (and we admit many who do not), or can offer sufficient evidence of art talent, you will then be eligible to enroll. You may choose whichever of our courses is best suited to your goals.

### Courses offer personal instruction

These courses were especially designed for talented people who can't leave their families or jobs for art training away from home. The 12 famous artists who started the school over 19 years ago contributed all their lifetime secrets of art technique to what they believe to be the finest art lessons ever created. They took their art from their own busy careers and made thousands of special drawings to demonstrate each point. Then they devised a method of constructive criticism that is as personal as tutoring. Your instructor, who is himself required to be a practicing professional artist, spends up to several hours on just one of your assignments. He actually draws or paints his suggestions for improvement, and then "talks" to you by letter, dictating a long, friendly message of specific advice and encouragement.

You will receive an interesting brochure about our School and its revolutionary methods along with your free Art Talent Test. If you have ever dreamed of success in art, and wondered if it were possible, why not mail the coupon at left for both the Talent Test and the brochure right now?
